COURT OF QUEEN'S BENCH FOR SASKATCHEWAN

IN BANKRUPTCY AND INSOLVENCY

JUDICIAL CENTRE SASKATOON

APPLICANT RURAL MUNICIPALITY OF LACADENA No. 228 RURAL MUNICIPALITY OF MIRY CREEK No. 229 RURAL MUNICIPALITY OF SNIPE LAKE No. 259 GOVERNMENT OF SASKATCHEWAN, as represented by the Minister of Energy and Resources

RESPONDENT ABBEY RESOURCES CORP.

IN THE MATTER OF THE RECEIVERSHIP OF ABBEY RESOURCES CORP. AND IN THE MATTER OF THE *COMPANIES' CREDITORS ARRANGEMENT ACT*, RSC 1985, c C-36, AS AMENDED

AND IN THE MATTER OF A PLAN OF COMPROMISE OR ARRANGEMENT OF ABBEY RESOURCES CORP.

FOURTH AFFIDAVIT OF BRAD WAGNER

I, BRAD WAGNER, of the City of Regina, in the Province of Saskatchewan, MAKE OATH AND SAY THAT:

- I am employed by the Government of Saskatchewan as represented by the Ministry of Energy and Resources (the "Ministry"), in the capacity of Director of Liability Management. I have reviewed the books and records of the Ministry prepared in the ordinary course of business. I swear this affidavit based on that review and my personal knowledge of the matters and facts deposed to herein, except were stated to be on information and belief and whereso stated I verily believe the same to be true.
- 2. As the Director of Liability Management Branch I am responsible for overseeing programs aimed at ensuring oil and gas companies are able to meet their financial obligations respecting the decommissioning and clean-up of oil and gas infrastructure

and sites that are no longer economic, as well as the setting of standards for site reclamation and remediation.

- 3. As a Director for the Ministry, I am authorized to make this Affidavit on behalf of Ministry.
- 4. This affidavit is intended to supplemental my Third Affidavit in the proceedings centering around Abbey Resources Corp. ("Abbey").

Abbey's Response to Minister's Order

- 5. On or about February 16, 2022 Abbey provided the Ministry with its written reply to the Ministry's shut down order. A copy of the reply is attached to the affidavit of Kathryn Black filed concurrently.
- 6. In specific reply to some of the points raised by Abbey, I can advise as follows:
 - (a) In reply to paragraph 1(b), I note that in the nearly two months that had passed between receiving the risk assessment plan and the Ministry issuing the shut down order, Abbey took no steps to remedy the pipeline infrastructure or provide a plan to the Ministry for the same.
 - (b) While I indicated in my previous affidavit that the Ministry may allow for the restoration of the pipelines first, given the severity of the situation and lack of action taken by Abbey, the Ministry had no choice but to issue a shut down order.

Costs of Abandonment and Reclamation

- 7. Since the last hearing of this matter there has been some additional discussion take place with respect to the cost of abandonment and reclamation faced by Abbey (and in the event of its default, the Orphan Well Fund).
- As a result, I have had occasion to revisit the earlier demand for security of \$13,445,871.21, made by the Ministry and stayed by order of this honourable court.

- 9. The Ministry maintains its position with respect to the necessity for the additional security and with respect to the amount required. This demand for security will persist following the *Companies' Creditors Arrangement Act* proceedings and is a continuing obligation for Abbey.
- 10. I can accordingly advise the Court that the Ministry does have real concern about the continued non-compliant operation of the wells absent the posting of the requisite security and is reviewing its options respecting the need for the required security as a condition of continued operation of Abbey's wells in accordance with section 17.01 of *The Oil and Gas Conservation Act*.

Other Matters

11. In paragraph 45(c) of my Third Affidavit, I can advise the Court that there was an error in the wording, caused during a late amendment to the draft affidavit typographical error. The application attached at Exhibit G of my Third Affidavit was an Application for Pipeline Liner Install and not, as was mentioned therein, to operate a facility. The fact does remain true that Abbey misrepresented that it had implemented a Safety and Loss Management System. However, I wished to advise the Court as to this error as to the description of the application exhibited.

Conclusion

12. I make this affidavit in opposition to an extension of the stay of proceedings in this matter, and in support of an application to appoint a receiver over the assets and undertaking of Abbey.
