Introduction and Purpose of the Report

1. MNP Ltd. was appointed as Receiver of Intelife LP (“**ILP**”) and Intelife GP Ltd. (“**IGP**”) pursuant to an order dated January 19, 2021 (the “**January 19 Order**”) of the Honourable Justice R.A. Graesser of the Court of Queen’s Bench of Alberta (the “**Court**”).
2. MNP Ltd. was further appointed as Receiver of Intelife Security and Automation Ltd. (“**ISA**”) and Intelife Finance Corporation (“**IFC**”) by way of a receivership Order of the Honorable Justice J. Gill of the Court on February 1, 2021 within the ILP Court action (the “**February 1 Order**”).
3. MNP Ltd. is hereinafter referred to as the “**Receiver**”.
4. ILP is an investment company which purchases security contracts sourced by its wholly owned subsidiaries, **ISA** and **IFC**. ILP’s assets consist of a combination of security contracts themselves and/or recurring monthly revenue (“**RMR**”) collected pursuant to the security contracts.
5. ISA and IFC managed the operational components of the security contracts on behalf of ILP, including customer service and technical assistance for customers as required for ISA, and the billing and payroll functions for each of ISA and IFC.
6. ILP, IGP, ISA and IFC are hereinafter referred to collectively as the “**Group of Companies**” or “**Intelife**”.
7. In accordance with a January 27, 2021 Alberta Corporate Registry Search, the principal Shareholders of IGP are David Dandridge (33.33%), Marcin Drozd (33.33%) (“**Marcin**”) and Bojan Konstandinovic

- (33.33%) ("**Bojan**"). The directors are listed as David Dandridge ("**David**"), Brian Denysuik, Marcin, John Howard, and Bojan.
8. In accordance with a January 27, 2021 Alberta Corporate Registry Search, the sole shareholder of ISA is listed as ILP (100%). The directors of ISA are listed as David, Marcin and Bojan.
 9. In accordance with a January 27, 2021 Alberta Corporate Registry Search, the sole shareholder of IFC is listed as ILP (100%). The directors of IFC are listed as David, Marcin and Bojan.
 10. Bojan and David appear to have been the controlling minds behind the operations of IFC and ISA and carried out various operational functions including providing direction to staff, controlling the flow of funds, and controlling and maintaining the books and records.
 11. This is the Receiver's Eighth Report to Court (the "**Eighth Report**") and it should be read in conjunction with the Receiver's First Report to Court dated January 28, 2021 (the "**First Report**"), the Receiver's Second Report to Court dated March 15, 2021 (the "**Second Report**"), the Receiver's Third Report to Court dated May 3, 2021 (the "**Third Report**"), the Receiver's Fourth Report to Court dated October 18, 2021 (the "**Fourth Report**"), the Receiver's Fifth Report to Court dated November 29, 2021 (the "**Fifth Report**"), the Receiver's Sixth Report to Court dated January 24, 2022 (the "**Sixth Report**"), and the Receiver's Seventh Report to Court dated June 16, 2022 (the "**Seventh Report**").
 12. Information capitalized but not defined in the Eighth Report are as defined in the First Report, the Second Report, the Third Report, the Fourth Report, the Fifth Report, the Sixth Report and the Seventh Report.
 13. In preparing the Eighth Report and making comments herein, the Receiver has been provided with, and has relied upon, certain unaudited, draft and/or internal financial information of the Group of Companies, the Group of Companies books and records, and information from other third-party sources (collectively, the "**Information**"). The Receiver has not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would wholly or partially comply with generally accepted assurance standards or other standards established by the Chartered Professional Accountants of Canada.
 14. Materials with respect to this proceeding can be found on the Receiver's website at <https://mnpdebt.ca/en/corporate/corporate-engagements>.
 15. The purpose of the Eighth Report is to update and seek approval of the Court with respect to the following matters:
 - activities of the receiver;
 - Bojan IFC Dealer Contracts;
 - Bojan ISA Customer Contracts;
 - termination of remaining IFC contracts;
 - priority claims;
 - secured creditors;
 - interim statement of receipts and disbursements;
 - professional fees and administrative charge;
 - proposed interim distribution and holdback.

Activities of the Receiver

16. Since its last fulsome update to the Court, the Receiver has carried out the following non-exhaustive list of activities:
 - closed sales on small portfolio accounts in accordance with paragraph 4 (l) of the Receivership Order (or as amended);

- maintained payroll services for the retained employees;
- maintained operational aspects of the security contracts, including payment of payables;
- maintained statutory filings in relation to the Group of Companies;
- received and reviewed the claims of Canada Revenue Agency (“**CRA**”) in respect of its deemed trust claims; and,
- worked with Capitol, Pulse, Turnip and Bojan with respect to transfer of accounts between the parties; and,
- prepared and provided reconciliations of RMR and costs to Bojan in respect of the Bojan IFC Dealer Contracts.

17. In or around December 2021 the Receiver agreed to a sale of the IFC accounts held under partnership agreement with Equity Technologies Ltd. (“Equity Tech”) to Equity Tech for a sum of \$15,750 inclusive of GST. The Receiver proceeded with the sale without the requirement for Court approval under the powers granted to it in accordance with the Receivership Order.

18. While the fill balance was due before the accounts could be transferred to Equity Tech, Equity Tech was unable to fulfil the payment terms of the sale due to inability to pay the entire purchase price. The Receiver and Equity Tech subsequently agreement to a reduced purchase price of \$8,000 to close the sale. There were no other offers to purchase presented to the Receiver in respect of the Equity Tech accounts and therefore the Receiver is of the opinion that acceptance of a reduced purchase price was appropriate in the circumstances.

Bojan IFC Dealer Contracts

19. In addition to the Capitol, Pulse and Turnip accounts detailed in the Seventh Report and the Supplement to the Seventh Report, the Bojan IFC Dealer Contracts included accounts acquired through partnership agreements with Rapid Protection and PLS Security. The Receiver collected a sum of \$4,080.12 in relation to the Rapid Protection and PLS Security included in the Bojan IFC Dealer Contracts. Costs related these accounts totaled \$176.00 and as such the amount payable to Bojan relating to the Rapid Protection and PLS Security accounts is \$3,904.12 (the “**Other Net RMR**”). A summary of the Other Net RMR is attached as **Schedule “A”**.

20. As set out in the Fourth Report, the Bojan IFC Dealer Contracts included one account with Pete’s Lock Shop Ltd. (“**PLS**”) (the “**PLS Account**”). On October 18, 2021 the Receiver issued notice to PLS that it intended to transfer the PLS Account to Bojan unless an objection was lodged within 7 days of notice setting out the basis for the objection. PLS did not lodge an objection and the Receiver is therefore seeking authority to transfer the PLS Account to Bojan.

Bojan ISA Customer Contracts

21. As set out in the Fourth Report, the Receiver collected a sum of \$1,162.22 of RMR in relation to the Bojan ISA Customer Contracts. Those amounts had been declared as due to Bojan by the Court previously however, payment has not yet been made. The Receiver proposes to pay that sum of Bojan in full and final satisfaction of the Bojan ISA Customer Contracts.

Termination of Remaining IFC Contracts

22. As of the date of the Eighth Report, the following accounts remain active in the IFC monitoring and interactive service accounts:

Monitoring (a.p.i. Alarm Inc. ("**API**")):

Table 1:

Dealer Name	Number of Accounts
Community Protection	2
PLS Security	2
Proper Alarms	1
Rapid Protection	145
Smart Security	58

Interactive (Alarm.com Incorporated ("**ADC**"))

Table 2:

Dealer Name	Number of Accounts
My Home	2
Nox Security	2
PLS Security	3
Proper Alarms	1
Securitele	24

Referred to hereinafter as the "**Remaining IFC Accounts**")

23. The Receiver has attempted to liquidate the Remaining IFC Accounts by soliciting offers to repurchase the accounts from the respective dealer and offering the accounts for sale to the Gurvich Group and to Bojan. The Remaining IFC Accounts were also made available for sale in the Receiver's SISP process. No offers to purchase the Remaining IFC Accounts have been presented to the Receiver as a result of its efforts to sell the accounts.
24. The Receiver proposes that since there is no ability to monetize the Remaining IFC Accounts and since there is a cost to servicing the Remaining IFC Accounts, the accounts ought to be terminated. To provide for appropriate notice to the customers affected by the termination of Remaining IFC Contracts, the Receiver proposes to, upon approval of the Court, provide a 30-day written notice to the affected customers of the cancellation so that customers may find a new service provider, should they wish to do so.
25. There are also two customer accounts held with iHelp (the "**iHelp Accounts**") in which the Receiver has been unable to locate records to substantiate ownership. The Receiver proposes that the two iHelp Accounts be handled similar to the Remaining IFC Accounts whereby they are terminated on 30 days' notice.

Priority Claims

*Canada Revenue Agency ("**CRA**")*

26. As noted in the Fourth Report, the Receiver had supplied CRA with the information required (where possible) to complete its audit on the GST and payroll source deduction accounts of each of ILP, ISA and IFC. CRA has since completed its audit and filed the following deemed trust claims:

IFC

- Payroll source deductions - \$74,806.79; and,
- GST - \$0.00

ISA

- Payroll source deductions - \$97,356.19; and,
- GST - \$0.00

ILP

- Payroll source deductions - \$115,791.54; and,
- GST - \$0.00

27. On or around June 8, 2020, prior to the receivership, ILP purchased the shares of each of IFC and ISA in accordance with a Share Purchase Agreement (the "**SPA**").
28. As part of the SPA, a disclosure agreement (the "**Disclosure Agreement**") was prepared, which set out, in part, the specific property owned by each of IFC and ISA at the time the shares were acquired by ILP. The list of individual customer accounts owned by IFC and ISA at the time the SPA was executed was attached to the Disclosure Agreement (the "**Disclosure Accounts**").
29. It is the Receiver's understanding that subsequent to execution of the SPA any newly purchased accounts were acquired directly by ILP.
30. The Receiver has reviewed the Disclosure Accounts and notes the following:
 - in respect of IFC:
 - i. the Disclosure Accounts of IFC were dealer accounts, all of which had been cancelled or otherwise inactive prior to the receivership;
 - ii. the Receiver has not collected any RMR in relation to the Disclosure Accounts at any point during the receivership;
 - iii. the Disclosure Accounts did not form part of the Credit Bid Accounts which were sold to the Gurvich Group;
 - iv. the Disclosure Accounts do not form part of the Bojan IFC Dealer Contracts; and,
 - v. the Receiver is not aware of any other property owned by IFC and confirms that no property of IFC has been liquidated in the receivership proceedings.
 - in respect of ISA:
 - i. the Disclosure Accounts of ISA are made up of the "Missing ISA Contracts" referred to in the Receiver's Fourth Report;
 - ii. the Receiver has not collected any RMR in relation to the Disclosure Accounts at any point during the receivership;
 - iii. the Disclosure Accounts did not form part of the list of accounts sold by the Receiver to Telus pursuant to the SISP;
 - iv. the Disclosure Accounts do not form part of the Bojan ISA Customer Contracts; and,
 - v. the Receiver is not aware of any other property owned by ISA and confirms that no property of ISA has been liquidated in the receivership Proceedings.
31. We note that a number of accounts remained resident in the software/service provider accounts in the name of IFC and ISA as of the date of Receivership. In accordance with the books and records of Intelife, and based on information supplied by management of the Group of Companies, ISA and IFC managed the accounts on behalf of ILP by way of an Authorized Operator Agreement and a Brokerage Agreement, respectively.

32. Given that the estate has not liquidated or otherwise monetized any assets of IFC or ISA, it is the Receiver's position that there are no monies available to satisfy the deemed trust claim of CRA in relation to the payroll debts of IFC or ISA.
33. The Receiver has liquidated sufficient assets of ILP to satisfy the deemed trust claim of CRA in relation to the ILP payroll source deduction debt and proposes to pay the full balance of the claim of \$115,791.54 from the proceeds within the Receivership estate.

Wage Earner Protection Program ("WEPP")

34. The Receiver administered the WEPP at the outset of the Receivership for 18 employees of ILP who were owed and entitled to some combination of wages, vacation pay and pay related to termination in lieu of notice.
35. Service Canada has submitted its claim pursuant to Section 81.4 of the *Bankruptcy and Insolvency Act* ("**BIA**") and in relation to the super-priority portion of the employee claims which totaled \$18,809.01 May 16, 2022.
36. The Receiver proposes to pay the sum of \$18,809.01 to Service Canada in accordance with Section 81.4 of the *BIA*.
37. The Receiver has filed one additional WEPP claim on behalf of an employee that was retained for the duration of the Receivership. The Receiver has included in its holdback, discussed in more detail below, a sum of \$2,000 (i.e., the maximum super priority amount) in relation to the anticipated priority claim of Service Canada upon processing of the WEPP application for the remaining employee.

Secured Creditors

38. As discussed in the Fourth Report and confirmed by order of this honorable Court dated October 27, 2021 and filed on December 23, 2021, the Gurvich Group holds a valid and enforceable first position security interest in the assets of ILP.
39. The Gurvich Group purchased assets from the Receivership Estate in accordance with the Credit Bid. Based on a payout balance provided in October 2021, the estimated balance owed to the Gurvich Group, after deducting the value of the Credit Bid Assets, is \$2,044,600.62.
40. The balance of monies remaining in the estate is not sufficient to cover the debt of the Gurvich Group who will therefore suffer a shortfall on the repayment of its debt. The Receiver is proposing an interim distribution of funds to the Gurvich Group in the sum of \$425,000 in accordance with its first position priority charge over the assets of ILP. Details on the proposed interim distribution is set out below.

Interim Statement of Receipts and Disbursements

41. Attached as **Schedule "B"** is a copy of the Receiver's Interim Statement of Receipts and Disbursements to June 30, 2022. The Receiver is currently holding a balance of \$780,813.59 in its trust account.

Professional Fees and Administrative Charge

42. Attached as **Schedule "C"** is an Affidavit of Karen Aylward including a summary and detailed work in progress report of the Receiver's fees and disbursements accrued to June 28, 2022 totaling \$349,822.73 (\$367,313.86 including GST). The Receiver is of the opinion that the fees and disbursements incurred to date are fair and reasonable in the circumstances.
43. Attached as **Schedule "D"** is a summary of the legal fees and disbursements of the Receiver's counsel to June 28, 2022 totaling \$162,542.92. The Receiver has reviewed the detailed billings of its

legal counsel and is of the opinion that the fees and disbursements are fair and reasonable in the circumstances.

44. To date, the combined fees of the Receiver and its counsel total approximately \$529,856.78. The Receiver anticipates additional fees will be accrued to conclude the Receivership administration which includes, but is not limited to, facilitating the transfer of the Bojan IFC Dealer Contracts, reconciling and paying final expenses, issuing the 30-day termination notice, completing distributions, completing final statutory returns, applying to Court preparing and filing the Section 245 notice for the Receiver's discharge.
45. Given the increased costs, the Receiver is seeking an increase in its administrative charge from \$475,000 to \$575,000 to cover the fees incurred to date and the fees expected to be accrued through to the conclusion of the Receivership.

Proposed Interim Distribution and Holdback

46. Based on the balance of monies available in the estate the Receiver proposes the following interim distributions and holdback:

**Intelife et al - In Receivership
Proposed Interim Distribution and Holdback**

Balance in Estate	780,813.59
CRA Deemed Trust	115,791.54

Interim Distribution to Gurvich Group	425,000.00
Subtotal	608,116.30
Balance retained in the estate	172,697.29

47. After payment of the priority claims, the amounts payable to Bojan as described in the Eighth Report and the interim distribution to the Gurvich Group, the Receiver will holdback a sum of approximately \$172,697 in the receivership estate to fund the ongoing and final costs.

Conclusion

48. The Receiver respectfully submits this Eighth Report to the Court in support of an order approving:
1. the activities of the Receiver as set out in the Eighth Report;
 2. payment to Bojan in relation to the Other Net RMR of \$3,904.12;
