

Corporate Recovery & Restructuring

Helping businesses regain financial health

Professional restructuring may be necessary in cases where a business has more debt than it can manage or a creditor requires help protecting its position. However, it can be challenging to understand the alternatives and choose the best course of action.

Should it be restructuring? Receivership? Liquidation?

At MNP Ltd., our corporate recovery and restructuring team helps executives and business owners build effective strategies which meet the needs of all stakeholders.

Our services

Here are just a few ways MNP Ltd. can help stakeholders in insolvency proceedings:

Business reviews (viability assessments)

Provide in-depth viability studies to enhance decision-making processes and options.

Business restructuring and reorganization

Assess the business and assist with key changes to realign business models and needs.

Proposal to creditors

Develop proposals which bridge the gap between business owners, financial institutions and other creditors.

Monitoring

Serve as a private or court-appointed monitor.

Formal Appointments

Act as a court-appointed Receiver, Interim Receiver, Licensed Insolvency Trustee and other related appointments.

About MNP

MNP Ltd. is one of the largest corporate insolvency practices in Canada. For more than 60 years, our respected team of Licensed Insolvency Trustees has been working with creditors to protect their interests and with businesses to help them recover and regain control of their finances during times of economic distress.

A close-up, shallow depth-of-field photograph of a person's hands working at a desk. The person is wearing a dark suit sleeve and a black leather watch with a silver-toned case and a dark dial. Their right hand is holding a black pen, poised to write on a white document. The document features some faint, circular diagrams. In the foreground, the black keyboard of a laptop is visible, slightly out of focus. The background is blurred, showing a glass of water and other desk items. A dark teal rectangular box is overlaid on the center of the image, containing white text.

Client groups

MNP Ltd. has an extensive network of specialists serving clients in numerous industries and specialty groups through our parent firm, MNP LLP — including:

- Agriculture
- China services
- Credit unions
- Dealerships
- Energy
- Food and beverage processing
- Forestry
- Indigenous
- Manufacturing
- Mining
- Private enterprise
- Professionals
- Public companies
- Real estate and construction
- Technology, media, and telecommunications

Agriculture

We work closely within the agri-food, livestock, and primary producer (e.g., crops) industries, as well as with Hutterite Brethren communities. Our highly experienced team manages various farm income programs, such as AgriStability — and many of our professionals maintain strong ties to family farming operations.

China Services

We have the largest contingent of bilingual accountants and consultants in Canada, with more than 75 employees fluent in Mandarin or Cantonese. We understand the nuances of conducting business in Canada and China and provide industry expertise and market insight.

Credit Unions

We have supported the success of more than 100 credit unions across Canada. Our core services include strengthening board leadership and member offerings, ensuring regulatory compliance, and helping to grow our clients' bottom lines.

Forestry

Our Forestry team helps clients manage frequent operational, trade and regulatory changes and challenges more effectively — with services ranging from performance improvement to supply chain management.

Indigenous

We have extensive experience assisting First Nations, Inuit, and Métis communities with everything from gaming and government negotiations to financial management and economic development.

Manufacturing

Our manufacturing sector knowledge allows owners to remain competitive and profitable while efficiently resolving operational, trade and regulatory challenges.

Mining

We position organizations in Canada's growing mining industry to expand, prosper, and navigate a complex regulatory environment.

Energy

We help companies negotiate fluctuating market conditions and strict regulations to optimize internal structures, improve processes, increase revenues, and reduce costs.

Private Enterprise

We provide straightforward business advice to small and medium-sized business owners across Canada — including support in tax, succession planning, assurance, corporate finance, enterprise risk management, consulting, and more.

Professionals

We help professional practitioners such as doctors, dentists, and lawyers realize their goals — whether they want to lead their own practice, increase the profitability of an existing business, or develop an exit strategy.

Public Companies

We help public companies comply with complex regulations, manage information security and privacy challenges, meet shareholder expectations, and conduct investor relations.

Real Estate And Construction

We provide the solutions to keep your business one step ahead of the competition while boosting the bottom line. We combine our broad experience with a range of targeted services to serve and grow any real estate or construction business.

Technology Media Telecommunications

We support technology companies through all stages of their business lifecycle — from securing grants or government incentives, to going public, going across the border, buying or selling a business, tax planning for growth, or developing exit strategies.
